Scan from anywhere
Scanning from any location just got easier with the ADS-1800W. Compatible with most external batteries or power banks via USB Type C, there's no need for the ADS-1800W to be connected to a laptop or PC to scan your documents. With wireless network connectivity and cloud scanning built-in, you can truly scan from anywhere.

Seamless performance, every time
No matter where you scan from, you'll get the same high performance, every time. With scan speeds of up to 60 images per minute (2-sided), documents are saved quickly and effortlessly to file, email server, USB host, network or scanned directly to your PC.

Intelligent and effortless
With one-touch scanning, reduce the time you spend on repetitive tasks and set up shortcuts to frequently used locations - you can be confident that all your documents are reliably saved to the right place, every time.

Versatile media handling
The time-saving 20-sheet Automatic Document Feeder (ADF) manages various sizes and thicknesses of paper (up to 128gsm) with ease, whilst the dedicated card slot comfortably handles plastic ID cards.

Industry-leading software
Available as standard, Power PDF provides you with the flexibility to easily convert, edit and share documents in seconds. Together with PaperPort, a document management solution, workflows can be created so that you can share, search and organise documents with ease and accuracy.

Secure by design
To keep pace with the ever-evolving legislation on privacy and data security, our devices offer the latest industry-standard security features to securely protect your data. The ADS-1800W provides a range of robust features including triple-layer security at a device, network and document level which is verified through external security certification. This offers added peace of mind and guarantees that the integrity of your data is maintained at every step.

Brother's *at your side* support
